Memorandum dated 6
May 1947 signed by
Executive for P & A

SUBJECT: Detail of Overseas Personnel to U. S. for Temporary Duty

With reference to rulings as set forth in subject memorandum the following case is submitted as justification for exception to Item 2 in which it is stated that annual leave taken may not exceed time spent in active duty at post of detail.

25X1A9a [REDACTED] Chief Engineer, P-4, [REDACTED] 25X1A6a is reporting to Washington for consultation on the establishment of a [REDACTED] 25X1A6a under Travel Order No. 105-47 covering period 5 May to 30 June 1947 and is expected to arrive 14 May. For official purposes it is not necessary that he spend more than two weeks on active duty. He has, however, accumulated the maximum permissible annual leave, having sacrificed unused leave in 1945 and 1946, and desires to use at this time 60 days in the Continental United States. It will probably be necessary that he return to Japan by 1 August to supervise the construction of a new post, and this circumstance will not permit his spending 60 days on active duty at headquarters.

It is therefore requested that he be allowed to take 60 days of annual leave without being required to be in active duty an equivalent length of time.
